

RADIANT RED DAY

To bring in the joy of colours we have a colour day every month and the colour for the month of December was Red. Pre Primary Wing conducted 'Red Day' activity to introduce children into the mesmerizing realm of colours. The shades of red made our tiny tots feel bright, lively and cheerful. It symbolized action, confidence, and courage. The day started off with the colour red everywhere. Bulletin boards displayed red craft work made by the children. Teachers discussed the theme in circle time and linked it to all subjects. It was a scintillating day with innocent faces gleaming and reflecting brightness, joy, love and happiness.

FOUNDER'S DAY

An ode to our dear Founder...

It was indeed a moment of great pride and also an occasion to commemorate the significant day of our school. The school has been untiring in its efforts to ensure holistic growth of its students and it has made a remarkable contribution to the society and the nation. The management extended its warmest greetings to our dear Founder Sir Shri.S.R.N Mudiraj The pre primary students offered flowers and prayer to our dear founder. The event concluded with positive thoughts and encouragement to do good to the community.

CHRISTMAS CELEBRATION

Joy to the world

Christmas is a time to be joyful, give and receive, laugh, and spend time with friends and family. At JGS, Nacharam, it was undoubtedly a Christmas to remember. With bells, streamers, and a wonderfully decorated Christmas tree, the school looked festive. Children participated in a number of activities, including handcrafted bells, Christmas cards, and decorated trees and stockings. The story of Santa Claus and the birth of Lord Jesus were shared to the kids. The little ones were taught to have a giving and sharing attitude. The arrival of Santa Claus in the classes brought the spirit of Christmas to life. The children's expressions were filled with the limitless excitement of the holiday celebration, especially as Santa distributed sweets.

NEW YEAR RESOLUTIONS Promise to Yourself

Making New Year's resolutions is a great way to get started! Setting goals is an important part of a child's development because it teaches them responsibility. They learn how to make commitments and how to keep those commitments. The tiny ones of preprimary wrote simple resolutions to break the monotony of everyday learning. The activity was new for them as they had fun in unfolding resolutions and spreading happiness.
