

## "Bathukamma: A Festival of Blooming Unity and Joy!"

Grade III students celebrated the vibrant Bathukamma Festival by creating traditional rangoli designs. They crafted beautiful patterns and filled them with fresh, colourful flowers, capturing the essence of Bathukamma. This cherished festival, celebrated with devotion in Telangana, honours Goddess Gauri and the abundance of nature's gifts. Guided by their teachers, the students chose flowers like marigolds, roses, and chrysanthemums to fill each rangoli, adding a fragrant and joyful ambiance to the celebration. The activity allowed students to express their creativity, while also fostering a deep sense of cultural pride, unity, and teamwork. Through this hands-on celebration, they learned the value of tradition, community, and respect for nature, making the spirit of Bathukamma come alive with vibrant colours, festive songs, and heartfelt joy. The celebration left students with lasting memories and a new appreciation for Indian cultural heritage.

## DIWALI ACTIVITY "SAY NO TO CRACKERS"

Glow with diyas and Grow with nature

Grade III students came together to promote a safer, greener Diwali with a heartfelt message: "Say No to Crackers." In an effort to raise awareness about the harmful effects of fireworks, the students created colourful posters that encouraged everyone to celebrate Diwali in an eco-friendly way. Their posters featured vibrant designs and slogans advocating for reducing air and noise pollution caused by crackers. The students highlighted how the smoke from crackers can damage the environment and affect people's health. Through this activity, they learned the importance of celebrating Diwali with safe alternatives, such as using eco-friendly lights and enjoying time with family and friends. The posters not only expressed the students' creativity but also spread a powerful message of responsibility, reminding everyone to keep the festival joyful, safe, and pollution-free.

## GREAT SCIENTIST OF INDIA -C V RAMAN

**“Science should not be confined to the four walls of a laboratory, but should seep into all aspects of our lives” -C V Raman**

A special assembly was conducted by the students of grade V F on 23<sup>rd</sup> October 2024 to honour C V Raman. The students demonstrated presentation on the biography works of the great scientist. They even performed a skit on the life history of the scientist which was a inspiration to all the students. Sir CV Raman's journey reminded them that with dedication and curiosity, they can make incredible breakthroughs in the world of Science.

## RADIANCE OF CREATIVITY - DIYA PAINTING ACTIVITY

**"Art is not handicraft, it is the transmission of feeling the artist has experienced."**

The students of Grade IV and V participated in a Diya Painting activity on 30th October, 2024 with immense liveliness. The students painted, decorated and made enticing diyas as a part of Diwali celebration. The children experienced the effort involved in decorating diyas and also significance in celebrating Diwali. They acquired knowledge on the importance of making diyas and lightening all over to celebrate the victory of Lord Rama. They enjoyed the event a lot and mesmerized us with their creative skills. It was sheer and a great experience for all our students.

## FUSION FUTURISTS SOCIO-SCIENCE EXHIBITION

The highly anticipated Science Fair the 'Fusion Futurist' at Johnson Grammar School was successfully conducted on 29th October 2024, showcasing the creativity, innovation, and scientific aptitude of students. The event, designed to ignite curiosity and foster a hands-on approach to learning, saw enthusiastic participation from students across various grades.

The chief guest for the event Dr. Anjana Devi, an esteemed principal scientist graced the occasion and expressed immense appreciation for the efforts of the students.

The exhibition featured an array of exhibits that demonstrated practical applications of science across various fields like energy conservation, robotics, space exploration, and sustainable development. Students from all grades participated enthusiastically, presenting their projects with confidence and clarity.

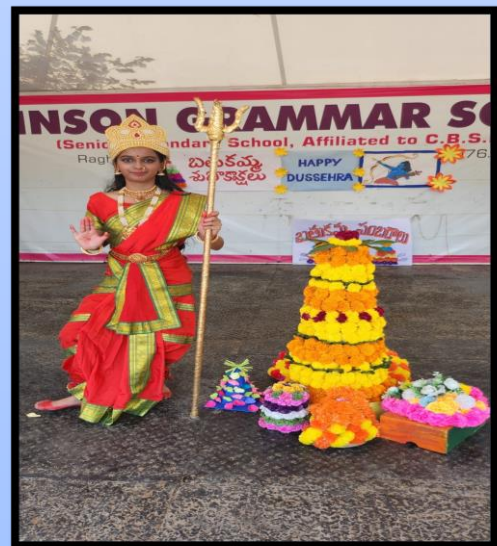

The Science fair also included History of agriculture, Nukkad natak, Telugu folk, Poetic era, Internet free Village, etc. It was truly a day of learning, discovery, and celebration, leaving a lasting impact on the dignitaries and parents who attended the fair.

## BATHUKAMMA CELEBRATIONS

Bathukamma is a vibrant and unique festival celebrated in Telangana, marking the beauty of nature and the power of womanhood. A special assembly was conducted on 1<sup>st</sup> October 2024, our Johnsonites came together to arrange flowers in beautiful patterns on a Bathukamma stack, symbolizing the Goddess Gauri. The celebrations include singing traditional folk songs, dancing, and sharing stories about the festival's significance. Through this event, students learn about Telangana's rich culture and heritage, celebrating unity, nature, and tradition in a joyous atmosphere.

## DIWALI CELEBRATIONS

"Diwali is a time to reflect on the past and look forward to the future with hope and joy." Diwali, also known as the Festival of Lights, is one of India's biggest and most vibrant celebrations. It marks the victory of light over darkness and good over evil. During Diwali, people clean and decorate their homes, light oil lamps, and burst firecrackers to symbolize the victory of Lord Rama over the demon king Ravana. A special assembly was conducted on 30<sup>th</sup> October 2024, by the students of our school, they performed lively dances and sang traditional songs on stage, capturing the spirit of the festival. Their performances added colour festivity to the school campus. It's a time for joy, unity, and spreading positivity, as communities come together to celebrate with friends and loved ones.
