

WELCOME TO THE NEW SESSION "Small steps towards big dreams start today."

The New Academic session 2025-2026 has started from 24th March for grade IV to VII. As we embark on this new journey, students were welcomed by their respective teachers with great warmth, affection and bright smile. Students had a special welcome assembly done by the teachers and then teachers introduced themselves department wise, after that they were taken for school tour and showed them, auditorium, Lab, playground, craft room etc.....and had some fun activities. The students engrossed themselves thoroughly & enjoyed the different activities. It was a great and fun-filled day.

UGADI

Welcoming the New Year with Joy and Tradition

Our school celebrated the vibrant festival of Ugadi with a joyful and colourful assembly that reflected the spirit of new beginnings. Organized by our enthusiastic students, the program showcased the rich cultural heritage and traditions associated with Ugadi, the Telugu and Kannada New Year.

The assembly began with a warm welcome and an introduction to the significance of Ugadi – a time to embrace change, reflect on the past, and look forward to a prosperous future. Students shared the story behind the festival and explained how it marks the beginning of a new era according to the Hindu lunisolar calendar.

A special highlight of the event was the traditional dance and skit performed by the students, symbolizing the essence of Ugadi – hope, renewal, and harmony. The performance also included elements like the preparation of Ugadi Pachadi, a unique dish that reminds us to accept all flavours of life – sweet, sour, bitter, and spicy – with grace.

The assembly ended on a high note with messages of positivity and unity, leaving everyone with renewed energy and festive cheer to begin the New Year.

RAMADAN

A Month of Reflection And Renewal

Our school recently marked the holy month of Ramadan with a special assembly, celebrating the values of compassion, reflection, and unity. Organized by our talented students, the program highlighted the significance of Ramadan around the world.

The assembly began with a thoughtful introduction to the meaning of Ramadan — a month of fasting, prayer, and giving. Students explained how fasting from dawn to sunset helps individuals develop self-discipline and empathy for those less fortunate.

The highlight of the event was a vibrant cultural performance, where students presented a graceful dance and skit symbolizing peace, gratitude, and togetherness. Their performance beautifully captured the joy and spirit that Ramadan brings to communities.

AMBEDKAR JAYANTI CELEBRATIONS

On 12th April, our school proudly commemorated Ambedkar Jayanti to mark the birth anniversary of Dr. B.R. Ambedkar—visionary leader, principal architect of the Indian Constitution, and tireless advocate for social equality. The occasion was observed with great reverence as students honoured his enduring legacy through eloquent speeches, thought-provoking posters, and thematic assemblies that illuminated his life's journey, formidable struggles, and transformative contributions to Indian society.

The celebration served as a powerful reminder of Dr. Ambedkar's unwavering commitment to justice, education, and empowerment. Our young scholars demonstrated profound respect and understanding through reflective presentations, inspiring quotations, and compelling role-plays. The event proved to be both enlightening and uplifting, leaving a lasting impression on all who attended.

SUMMER COOLERS BY STUDENTS!

With the summer sun blazing, our students took a refreshing step to beat the heat! As part of a fun and engaging activity, students came together to prepare lemonade and lassi, two traditional Indian coolers loved by all.

From squeezing fresh lemons to blending curd with sugar and spices, the children enjoyed the hands-on experience while learning about healthy and hydrating drinks. The activity not only brought smiles to their faces but also taught them the importance of staying cool and hydrated during the hot summer months.

The cheerful atmosphere, teamwork, and the delicious results made this a memorable experience for everyone involved!

ART OUT OF WASTE

"Creativity is seeing what everyone else has seen, and thinking what no one else has thought."

To celebrate Earth Day, a CCA activity, 'Art out of Waste', was conducted for the students of Grades VI and VII. The students came up with innovative ideas and created flowers, greeting cards, pen holders, photo-frames, flower vases, decorative items using old newspaper, cardboards, bottles, walnut, and pista shells. Art out of waste teaches the students valuable life lessons that go far beyond creativity. They learn the importance of reducing waste and reusing materials to protect our planet.

It encourages them to think outside the box and see beauty and possibility in everyday, discarded items.

EARTH DAY

"Caring for the Earth is not a luxury, but a responsibility we all share. Let's nurture our planet the way we nurture young minds – with patience, care, and hope."

Earth Day is a day dedicated to honouring our planet and reminding ourselves of the importance of caring for the environment we all share.

To celebrate this occasion, the students of Grade VI conducted an assembly spreading awareness about the need and ways of protecting the environment through powerful and thought-provoking slogans and eye-catching placards. They presented a heartfelt speech reminding us that 'Every day is Earth Day.'
