

FOLDABLE PLANT

Fun way to learn more is one of the way Johnsonites of Grade I experienced with an innovative foldable activity for exploring "Parts of A Plant".

Grade I students learnt parts of plants not only with real plants but also by involving themselves in a creative activity. This activity gave the students a new ray of learning with creativity. Students of Grade I found very interesting way of both art and craft blend in one activity to gain knowledge about few basic parts of plant for their early stage of learning. This activity gave unforgettable experience about plants leaving students with fun filled experience.

CHILDREN'S DAY Cherish the Childhood

Children are the most valuable resources and the best hope for the future. To cherish their playfulness and innocence, teachers of JGS made lovely trophies as handouts where Johnsonites of Grade I and II decorated them and expressed their happiness by mentioning a quote on it as "My teacher is proud of Me". This activity showcased how much a teacher values and loves her students and boosts moral ethics in them.

Further all the teachers of Grade I and II joined hands and came with fantastic dance performances and melodious fun filled songs to cheer the students and make their day joyful. The students were extremely happy to see their teachers perform different roles and expressed their love towards their teachers..

SCI- SPECTRA SCIENCE EXHIBITION

Explore With Creativity

Sci-Spectra- the Science Exhibition at Johnson Grammar School CBSE was a remarkable showcase of students' curiosity and innovation. The event brought together budding young minds to present their creative and unique exhibits and carried out various experiments. It brought together an eclectic array of exhibits, each designed to unravel the revolutionary India. The exhibition featured a wide range of topics of different subjects - from Social Science to life Science, from Mathematics to Languages, from Art to AI, a plethora of events were showcased at the exhibition. The exhibition successfully bridged the gap between theoretical knowledge and practical application, making complex biological concepts accessible and captivating for all. Visitors were mesmerized by demonstrations of magnetic levitation, optical illusions, and the wonders of revolution. To add, the science exhibition was a testament to the power of human curiosity and ingenuity. Not to forget the immense dedication of our students and outstanding contribution of time from Parents to make the event successful.

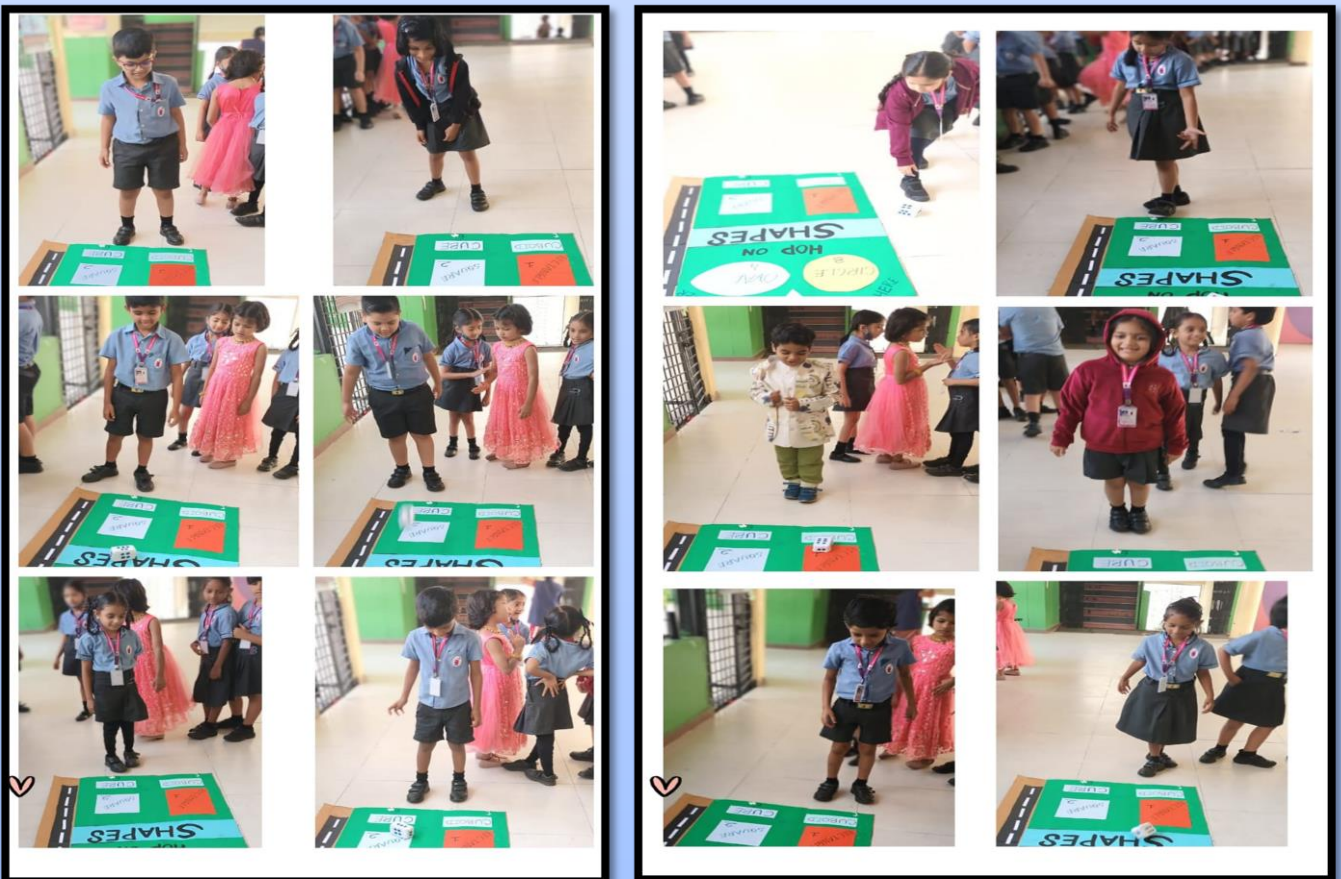

SHAPE HOPSCOTCH

Jump on shapes activity is an engaging educational tool designed for students to enhance their understanding of geometric shapes. It is a fun and interactive way which encourages physical movement, coordination and gross motor skills.

To make JUMP ON SHAPES a holistic learning experience our Grade II teachers conducted an activity caused as "Shape Hopscotch" The kinesthetic aspect of this activity ensured that children will not only be mentally engaged but also actively involved in the learning process.

Over All, Jump on shapes stood out as a creative and effective method to make learning of geometric shapes an enjoyable and physically active experience.

LIGHT EVERYWHERE !

May the Light of Diya Direct you
towards happiness & pleasure in life

Deepawali', the festival of lights, is one of the most widely celebrated festival. It is the festival of lights, colours, sweets and happiness.

To inculcate the traditions and cultures of our country, our students, and teachers of Grade I and II involved the students in a beautiful and colourful activity. Beautiful Diyas were made with colour papers and decorated them in their own creative way. The students were dressed up in traditional attire which brought festive vibes to the school.

The teachers also inculcated some values to students on how to save our environment during this festival - Say No to Crackers and keep the air unpolluted.

JGS CARNIVAL PARADE OF HAPPINESS

A school carnival is more than just a collection of rides and games, it's a community of joy and wonder. Families laugh together, students create bond over shared experiences, all creating unforgettable moments. It's a celebration of various skills, art and games that come together in a vibrant display of unity and understanding.

Our school had organized a Two Day Carnival at the school campus on 17th and 18th of November, the most awaited event for the year. The carnival was organized as an extended celebration of Children's Day Fest. It was a captivating event that aimed to celebrate and foster a sense of unity among students, teachers and families. Our special guest of the event Mr. Jayanth Sai who cherished every moment spent at school and bestowed awards and certificates for the quiz winners. Carnival echoed in laughter and joy. The memories forged within the vibrant tapestry of the carnival linger, promising to be cherished long until its next magical return.
