GROWING UP HEALTHY

INTERNATIONAL DAY OF YOGA

On the occasion of International Day of Yoga, JGS aspirants came together in the true spirit of health, harmony, and mindfulness. Our students and staff rolled out their mats and embraced the ancient wisdom of yoga — breathing as one, moving as one, and pausing in a world that rarely stops. From graceful asanas to mindful breathing, it was a morning that reminded us all that true strength begins from within. Yoga is not just exercise — it is a way of life. And today, we were proud to see our young learners carry that lesson with grace and awareness. A heartfelt thank you to our dedicated teachers who guided every stretch and every breath, and to every student who showed up with an open mind and an open heart.

Fostering the Art of Beautiful Writing: Inter-Class Handwriting Competition

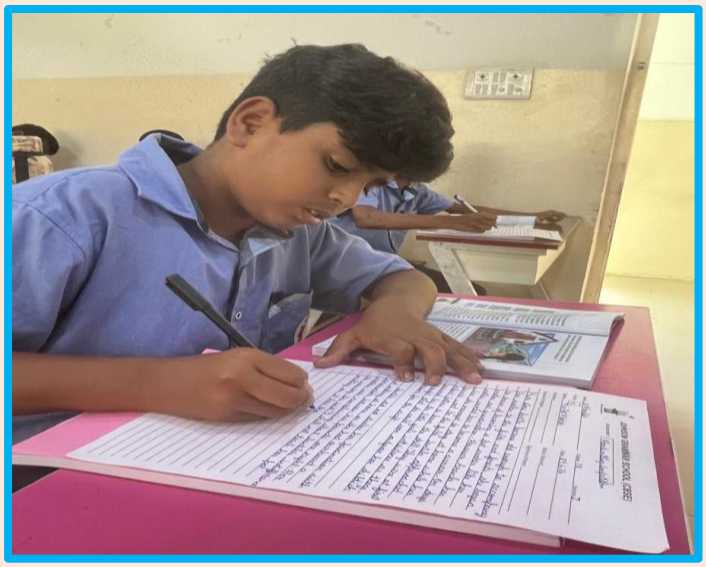

In an age dominated by keyboards and screens, Johnson Grammar School took a meaningful step back to celebrate a timeless skill — the art of handwriting. An Inter-Class Handwriting Competition was conducted for students of Grades VIII, IX, and X , with the aim of encouraging neat, legible and aesthetically pleasing handwriting among senior students. The competition saw enthusiastic participation from students across the three grades, each vying to showcase their penmanship skills within a stipulated time frame. Students were given a common passage/topic and evaluated on parameters such as legibility, uniformity, spacing, neatness and overall presentation. The event was judged by the English faculty, whose keen eye for detail ensured a fair and thorough assessment of every entry. The competition was a wonderful reminder that in an increasingly digital world, the simple act of putting pen to paper continues to hold immense value — sharpening motor skills, enhancing concentration and reflecting one's personal expression.
