

Doctors' Day

"A good doctor treats the disease, but a great doctor touches the heart."

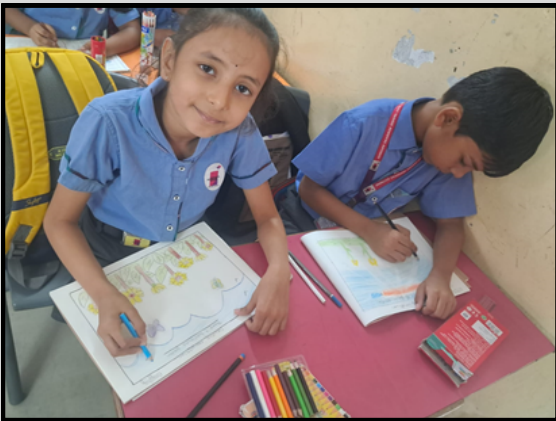

To celebrate Doctors' Day, students of Grade III participated in a creative drawing and colouring activity. They were introduced to a group talk on the dedication, compassion, patience, and selfless service of doctors and their important role in keeping society healthy. Inspired by the discussion, students created drawings related to the medical profession, including doctors, stethoscopes, medical symbols, and the globe. The activity encouraged creativity while fostering gratitude and appreciation for the invaluable contribution of doctors.

Art Mela

“Every child is an artist; give them a canvas, and watch their imagination bloom.”

The students of Grade III participated in a Sunflower Garden Drawing Competition, where they were encouraged to unleash their imagination and creativity. With great enthusiasm and artistic flair, the children beautifully sketched their sunflower gardens and brought their drawings to life with vibrant colours and creative designs. Their wonderful participation, dedication, and artistic efforts made the activity truly delightful and memorable. The competition provided a joyful platform for the young artists to express themselves, celebrate their creativity with vibrant colours and creative designs. Their wonderful participation, dedication, and artistic efforts made the activity truly delightful and memorable.

Sapling Showcase Activity - Van Mahotsav

"Plant a tree today, nurture it with care, and let tomorrow breathe fresh air."

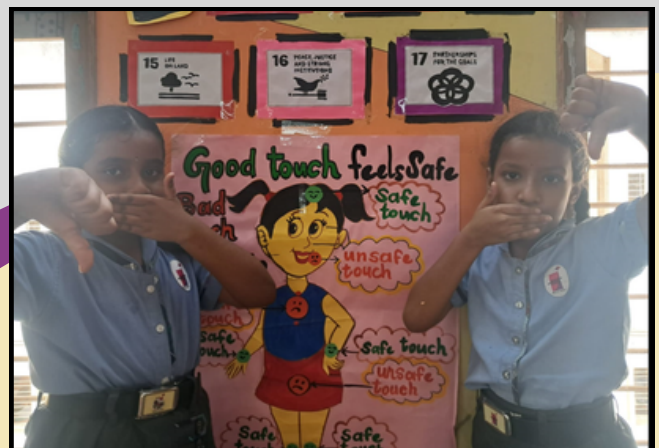

As part of the Van Mahotsav celebration, the students of Grade III participated enthusiastically in a meaningful Sapling Showcase Activity to develop love and respect for nature. The students displayed plants beautifully in the classroom corridors, transforming the school spaces into vibrant green corners. They showed great creativity by decorating their pots and making colourful, attractive labels for their saplings using creative cut-outs in the shapes of leaves, circles, and other decorative designs. Each plant was proudly labelled with the student's name, helping the students learn to identify and care for different plants. This activity encouraged a sense of responsibility and environmental stewardship among the students. Through this hands-on experience, students understood that nurturing a plant requires love, patience, care, and responsibility.

Good Touch and Bad Touch Awareness

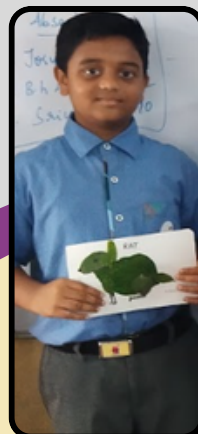

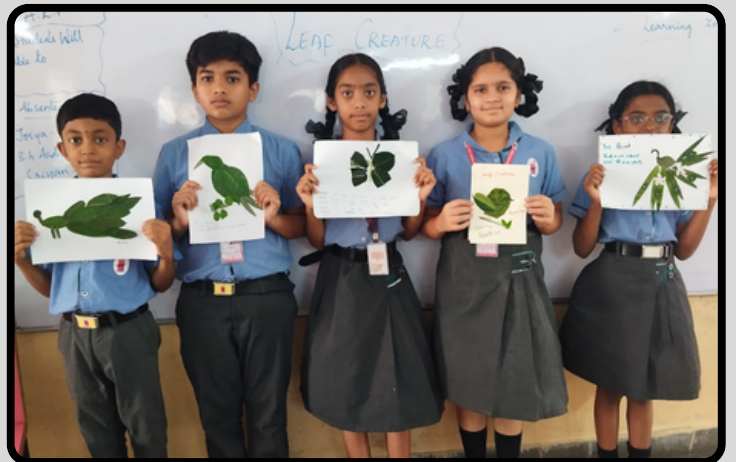

“Every child deserves to feel safe, respected, and heard—knowing the difference empowers them to protect themselves.”

The students of GR III participated enthusiastically in a group activity in the auditorium for an important and meaningful Good Touch and Bad Touch Awareness Activity. Through an engaging presentation on the screen, the children were sensitised about the difference between safe and unsafe touch and taught the importance of understanding personal boundaries. The teachers also performed a role-play to make the concept simple and relatable for the children. As part of the interactive session, students were encouraged to show thumbs up for a good touch and thumbs down for a bad touch, helping them understand the concept easily and engagingly. The activity empowered children to speak up, say “No” to an uncomfortable touch, and seek help from a trusted adult.

" Creativity blooms when imagination meets nature."

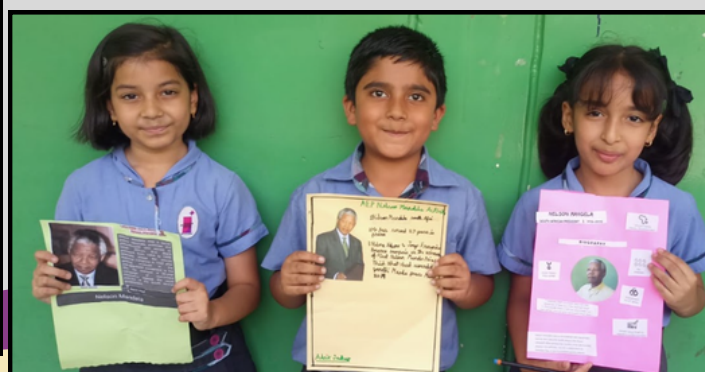

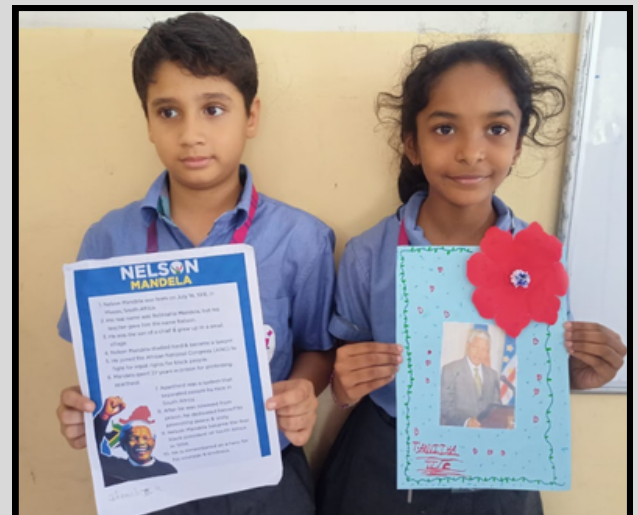

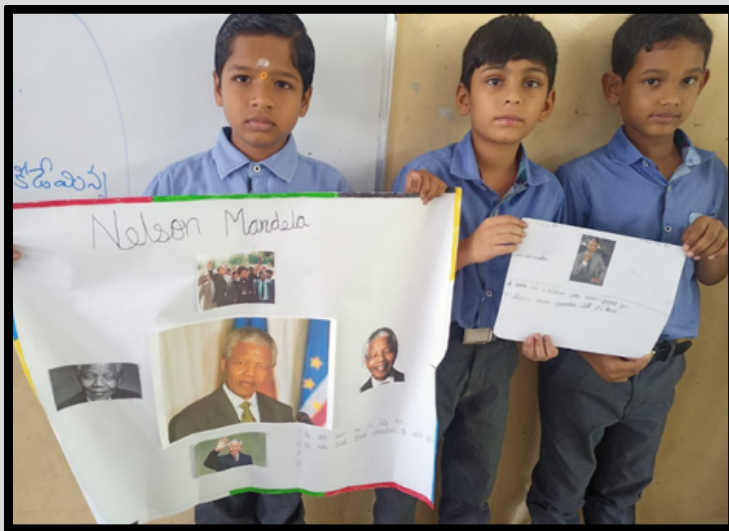

The students of Grade V enthusiastically participated in the Leaf Creature Art Activity, where they transformed natural leaves into imaginative and colourful creatures using their creativity and artistic skills. With a variety of leaves, students designed unique birds, butterflies, animals, insects, and other fascinating creations, showcasing how nature can inspire endless possibilities. The activity encouraged them to observe the shapes, colours, and textures of leaves while expressing their ideas through eco-friendly art. It nurtured creativity, enhanced fine motor skills, and developed observation and critical thinking abilities. Above all, the activity instilled an appreciation for nature and inspired students to use natural resources responsibly

Collage Making on Peace (Inspired by Nelson Mandela)

"Peace begins with understanding, grows through kindness, and changes the world through unity."

The students enthusiastically participated in the - Collage Making activity on the theme "Peace", drawing inspiration from the life and values of Nelson Mandela, who dedicated his life to promoting peace, equality, and justice. Using colourful pictures, meaningful words, and creative artwork, students designed beautiful collages that reflected the importance of harmony, compassion, forgiveness, and respect for all. Through this activity, they understood that peace is not merely the absence of conflict but the presence of love, unity, and mutual understanding. The activity fostered creativity, teamwork, and critical thinking while encouraging students to embrace the values of tolerance and empathy in their daily lives. It inspired them to become responsible citizens who contribute to building a peaceful and inclusive society, following the timeless ideals exemplified by Nelson Mandela.

International Tiger Day

"Save the tiger today, so the roar of the wild echoes for generations to come."

The students of Grade V enthusiastically participated in the National Tiger Day CCA Activity, where they showcased their creativity by designing and decorating vibrant tiger masks using coloured paper, cardboard, and art materials. With great excitement, they carefully cut, assembled, and coloured their masks while learning about the significance of tigers in maintaining ecological balance and the importance of protecting these magnificent animals. The activity helped students understand the need for wildlife conservation and inspired them to become responsible caretakers of nature. It also enhanced their creativity, fine motor skills, and artistic expression while fostering environmental awareness and teamwork. The activity concluded with a powerful message that every small effort towards protecting wildlife contributes to preserving our planet's rich biodiversity for future generations.
